CASTLE NEWSletter

CURRO

Castle
Aurora

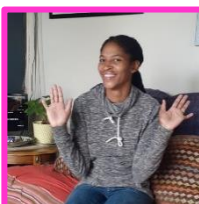

Hello from us. . .

The Castle staff are truly missing their 'children' so much. It is incredible the bond one teacher can make with 20 little children in their class and still have such wonderful relationships with past learners. The teacher's wish they could reach out and be in your home assisting you with the current challenges we are all going through!

As the Head of the Castle, I would like to praise each and every staff member for going above and beyond with communication and sharing of ideas. Nothing is too much for this amazing team! As a mom, I also see how my children react to pictures of their friends on HiMama, Facebook and other platforms. I encourage you to keep sending pictures so we can all still feel connected.

Our family theme for this lockdown has most definitely been CONNECTION, never before have we enjoyed the time spent with the family while working from home. I love listening to my children chatting to their friends and they have had time to create stronger relationships with their cousins overseas as they now have the time to enjoy longer phone call.

Keep focusing on the positives! With the extension of the lockdown, as parents we may be feeling somewhat overwhelmed, however, it is important to count our blessing and the valuable time we have with our children!

CURRO AURORA INDEPENDENT SCHOOL

How is Castle Aurora Managing online learning?

At the Castle our philosophy is **LEARN THROUGH PLAY!** However, our play structure does create a challenge when our little ones are at home. The teachers have been innovative and designed interactive presentiaions, Himama Activities, Loose Parts play challenges and more.

What are our Platforms?

Every Monday you will receive a learning Roster for your child Group 3 to Grade R. In all lessons we have detailed the learning outcomes for the activity and how the lessons link to the curriculum.

We are dediacted to improving, as we find news ways to assist you from home. I would like to Thank ALL parents for the dedication shown towards your children, while juggling work, house duties and more.

We have started the decontamination process in the Castle. We are following a new Standard Operating Procedure for when we have a date of reopening. We will be ready! **For more detail please visit our Facebook page for links to the documents and video clips.**

Regards,

Angie Bezuidenhout
