

CASTLE

CURRO Castle Serengeti

At Curro Castle Serengeti, we have created a safe, fun-filled environment where children can reach their full potential.

We believe in:

- 1. The unique child:** Every child is a competent learner from birth who can be resilient, capable, confident.
- 2. Positive relationships:** Through loving, secure relationships with their parents and teacher, children learn to be strong and independent.
- 3. Learning and development:** Children learn in different ways and at different rates, while all areas of learning and development are equally important and inter-connected.
- 4. Enabling environments:** As children learn from their environments, our classrooms and playgrounds act as a third teacher of sorts, thereby encouraging children to explore, play and learn.

GENERAL INFORMATION

- Children are encouraged to develop holistically in a warm, loving environment.
- Our indoor areas offer multiple opportunities to explore, investigate, imagine and create.
- Outdoor play areas include jungle gyms, play houses, shaded areas for creative and sensory play, and more.
- Security measures include guarded gates, CCTV monitoring, proper hand-sanitising protocols, and baby monitors in each baby's cot.
- Teachers model positive attitudes, as well as ethical and moral principles based on Curro's values.
- Our programme includes activities built around large soft bricks, which form the important early foundations for later Robotics studies.
- Our menu provides well-balanced, wholesome meals and snacks which are freshly prepared in our on-site kitchen. Parents should provide an afternoon snack.
- Teachers each have teacher's assistants based on the age group and number of children in the class.
- We have a registered nurse on-site during the school day and all teachers have first-aid training.
- Children's progress is monitored on a continuous basis. Parents are updated every term and receive a detailed written report at the end of the 2nd and 4th terms.
- Full-day classes continue during school holidays. However, we are closed on public holidays and specified dates as reflected on our website.

Foundation phase (Grade R to Grade 3)

Grade R

In Grade R we focus on an integrated play-based curriculum with specialised educational programmes:

- The phonological awareness programme which is explicitly taught in small groups and includes interactive games
- The Bazoo integrated literacy programme
- The NumberSense programme which is a learner-centred approach where problem-solving is the starting point
- Introduction to Robotics through Duplo Lego

Grade R is the bridge from the concrete world to the world of symbols and numbers in Grade 1.

Grade 1 to Grade 3

In these grades the focus is on perceptual development, exposure to relevant content, skills and knowledge which are required for further learning. We offer a vibrant, invitational atmosphere where the learners enjoy coming to school and where they acquire a love for learning that will sustain them throughout their school years. We acknowledge the potential in each learner to reach optimum ability; therefore, there is less emphasis on competitiveness and more emphasis on individual achievement. We create opportunities for personal growth in independence and responsibility so that learners can take up the challenge of being personally responsible and accountable for their actions in the intermediate phase.

QUICK FACTS

Language: English and Afrikaans

Foundation phase: Grade R to Grade 3

Intermediate phase (Grades 4 to 6) and Grade 7

Intermediate phase (Grades 4 to 6) and Grade 7

In the intermediate phase, the emphasis is still on establishing basic foundations, but learners are led into more abstract thought and independent work. Application of skills and concepts is also a focus area in this phase. This phase aims to prepare learners for the senior phase in the high school. We promote creativity and critical thinking by encouraging children to make their own choices within well-established boundaries.

We aim to embrace 21st-century learning by incorporating the use of tablets in our classrooms from Grade 5. We currently raise children who are 'digital natives'. By embracing innovative technology into our schools, we are speaking the language our learners understand.

Curriculum

English Home Language, Afrikaans or isiZulu First Additional Language, Mathematics, Computer Literacy, Science, Robotics (until Grade 6), Social Sciences, Life Skills, Physical Education, Bible Education, Art, Music (until Grade 6), Personal and Social Well-being, Technology (Grade 7), Economic and Management Sciences (Grade 7)

HIGH SCHOOL

CURRO

Serengeti

Our goal is to develop responsible, independent and proud individuals who will make a positive contribution to society.

Our ethos is governed by Christian values (ethics and morals) where learners are encouraged to explore and express their individuality within acceptable boundaries, and ultimately take responsibility for their actions.

We guide them to follow their hearts and minds to develop into the best people they can be.

Our dynamic curriculum covers problem-solving, critical thinking and the development of skills and values. Both individual and group work are evaluated.

Curro Serengeti produces a community of teenagers who know how to think innovatively, express their ideas and take charge of their own lives.

Learners are prepared for the matriculation examinations set by the Independent Examinations Board (IEB).
