

Date: 30 October 2020

Issue no.: 32

Dear Parent / Learner

There are lots of methods by which parents can help their children improve their study skills. The most important of them is to be supportive, happy and satisfied with their children. Each child is unique and every child has special talents. Though all of them may not always be on the same pedestal when it comes to studies, every child can be adept at something else such as sports or music.

The real challenge to parenting lies in discovering what is best for one's child and understanding the child's needs and desires as far as their lives are concerned. Parents need to know which learning style suits their children and help them to master the learning skills and the study skills and make studying more innovative and interesting for them.

It is important to create a suitable study environment in the home to enable your child to enjoy active concentration while studying. Although this may not seem to be so important, it has its own significance when it comes to studying. Basic learning styles and learning skills and study skills ensure that the method of studying is complemented and aided by the atmosphere in the house. Setting up a calm space will help your child to settle down and study.

Success in school doesn't come from any single thing—it's about the right mix of attitude, habits, and effort. Strong study skills are an important ingredient in this recipe and is a learned behaviour.

Time management is an incredibly important aspect of effective study skills. Ensure your child knows how to keep a study planner. Prepare for exams by helping your child break down the content and make a schedule for reviewing the material in the days leading up to an exam.

Teaching your child to use active reading strategies, like taking notes or highlighting key themes and passages, is very helpful for retention. Simply reviewing content before an exam is not necessarily the best method to ensure your child is prepared for an exam. Instead, encourage them to try more interactive approaches, like completing practice tests or using flash cards. Asking your child review questions and having them provide short essay-style explanations aloud can also be a great strategy to make sure they truly understand the material.

To help prepare your children for school readiness to stay on track and expand their learning opportunities: Set up a daily family routine, including healthy eating and sleeping habits. Brain work is thirsty work, so also ensure that your child stays hydrated by drinking enough water while studying.

Should your child need any academic assistance, they are always welcome to contact their teachers – MS Teams has ensured availability.

GRADE 8 (2021) WELCOME DAY

Mrs Donne Valkenburg

Our High School hosted a Welcome Day for the new “cubs” joining our Curro Aurora family pride next year.

The nervous giggles and wide eyes were heard and seen amongst the new learners (and some parents) and were soon a thing of the past as they enjoyed trivia questions, trust walks and hitting-a-beat challenges.

CUBS TO PRIDE

At Curro Aurora, we realise the importance of bolstering strong bonds of friendship with all the new learners and we were excited to see that new friendships were formed. The Matric group of 2021 lured the eager-beavers onto the field where they were exposed to a myriad of funky, new activities and games. Various games and activities allowed the learners to interact with their fellow classmates, make new friends and feel more comfortable around one another.

Amongst all this excitement, the 2021 Grade 8s also met and mingled with the Matrics of 2021 before they tackle their adventure in High School next year.

A fun and exhausting morning was had by all. We look forward to welcoming all the cubs into our pride next year.

We look forward to the value you will add to the High School!

SCHOOL CALENDAR

Curro Aurora will adhere to the term dates as announced by Mr JC Engelbrecht in the letter to parents dated 26 May 2020:

Grades R to 12						
Term 2	Days	Term 3	Days	Term 4	Days	Total days
1 April – 31 May (ONLINE ONLY)	(40)	6 July – 23 Sep	57	5 Oct – 9 Dec	50	126 (166)
1 June – 26 June (BLENDED APPROACH)	19	(BLENDED APPROACH)				

The last day of school is scheduled for 9 December at this stage, but some learners will finish a bit earlier, depending on the examination timetable.

Our **online schooling will continue** in terms of our commitment that no child is left behind:

- Our goal is to include all our learners and families, and any special provisions necessary will be made to ensure a continuation of learning for all the children under our care;
- We will continue uploading work for those still in lockdown to ensure that no work is missed by the learners during this time;
- We ask all learners to commit to their studies to ensure that they keep up to date with their curriculum and assignments.

SCHOOL UNIFORM

School uniforms are to be worn. Should you not be able to properly clean / sanitise your uniform for the next day, you may wear your school tracksuit or Blue Pride shirt with PT shorts on Tuesdays and Thursdays.

Should you (the learner) have PE, please wear your full school tracksuit with Blue Pride T-shirt. We ask that learners are dressed neatly for school please.

Please also note that **normal hair and nail regulations** still apply– let's look neat and tidy, ready for school.

LOADSHEDDING

Should you / the school be affected by load shedding, lessons will be made available via MS Teams for access by the learners when possible. We monitor attendance and logging into classes and downloading of material and recordings by using the INSIGHT app.

COVID-19 ARRANGEMENTS

Please pay a visit to our website for the latest on Curro during the time of COVID-19.

<https://www.curro.co.za/covid-19/>

Curro Aurora has implemented the necessary safety precautions and procedures as detailed in our Standard Operating Procedures document.

WE URGE ALL TEACHERS, PARENTS AND LEARNERS TO ADHERE TO THE SAFETY MEASURES. SOCIAL DISTANCING, THE WEARING OF MASKS AND SANITISING IS NON-NEGOTIABLE. LEARNERS MUST ALSO PLEASE BRING PERSONAL SANITISER / WIPES TO SCHOOL TO ADD ANOTHER MEASURE FOR PERSONAL PROTECTION.

Please remember to inform the school of any comorbidities within your family – this must be done by contacting each child's respective Grade Head or Phase Head in writing if you have not yet done so.

SCHOOL TRANSPORT

Curro Aurora offers safe school transportation to our families in the mornings and afternoons while adhering to strict Covid-19 protocols.

Transport facility is offered to learners from Grade 3 - 12.

- * Sanitising upon entering the vehicle.
- * Social distancing measures in place.
- * Wearing of masks are compulsory.

Enquire now with josie.m@curro.co.za.

GRADE 8 to 12 EXAM REMINDERS:

MATRICES: Should a matric learner display COVID SYMPTOMS or test positive for COVID, the school needs to be informed immediately – such learners would NOT be allowed to write their final exams in 2020, but would be allowed to write the IEB Supplementary exams in May/June 2021. It is therefore VITAL that parents and learners take every precaution possible to avoid infection.

GRADE 8 to 11: Please be mindful of social distancing and safety protocols over weekends (especially at social gatherings) – we are starting our exams on 2 November and therefore learners cannot afford to be absent from school if it can be avoided at all.

Temperature screening takes place at the temperature recording stations to streamline the morning process. There are four recording stations per gate to facilitate quick access to the school. We ask that parents please refrain from joining their children in the queue or at the recording tables – more bodies in the area impacts negatively on safety measures.

We encourage parents to please send learners to school where there are no comorbidities in the family – evidence of comorbidities must please be sent to the relevant Grade Head should a learner

not be returning to school. Grade 11 learners are reminded that most subjects will start Grade 12 work in the last term – your attendance is vital.

EXAM PROCEDURES AND RULES:

1. Sit at the desk allocated to you. Do not write on your examination desk! Bring own sanitizer to give it a quick wipe – your safety is very important! You **MUST** wear your mask and keep your social distance from others before and after exams.
2. Leave your bags and other possessions outside the exam venue at your own risk – please do not bring valuables to school.
3. If you must have a cellphone with you, it must be switched **off** and placed under your chair / in box provided – listen to the invigilator's instructions. Leave smart watches at home – they are not allowed in the exam venues.
4. Take only your stationery to your allocated desk – contained in a clear plastic bag.
5. Use **YOUR OWN** stationery and mathematical equipment – you are not allowed to borrow or share with anyone else.
6. No Tippex or any correction fluid/tape may be used in any exam paper.
7. Only a non-programmable calculator **WITHOUT A LID** may be taken into the exam venue and only used if permitted.
8. Remain silent when inside an exam venue.
9. Remain seated at all times until you are given permission to leave at the end of a session.
10. You must be accompanied by a teacher if you need to leave the room for any reason. Please ensure that you go to the toilet before your exam starts.
11. You must produce a doctor's note or you will receive a zero mark if you miss an examination. Ensure that you give the doctor's note to the High School Secretary.
12. Arrive at the venue on time. You must be seated **15 minutes before** your exam starts. You may not be given extra time. If you arrive more than 30 minutes late for an exam, report to the high school office.
13. Wear the correct school uniform during exams. If you are not in the correct uniform, you will be sent out of the venue and will only be allowed to return once you are in the correct uniform. You will not be given extra time to write if you are sent out of the venue to correct your uniform.
14. Do not bring food or drink (except water) into the exam centre. Water must be in a clear container.

15. You will not be allowed to leave until the full time of your particular exam has lapsed.
16. Do not begin the reading or writing of an exam until you are given permission to do so.
17. Do not interact in any way whatsoever with any other person (except with an invigilator by raising your hand) during an exam session.
18. Read the exam paper during the 10 minutes allocated for this purpose (no writing or highlighting is allowed during this time).
19. Do not cheat by having any help, aids or notes on your person or at your desk during an exam session. When a student is caught cheating or suspected of any irregularity, the incident is reported to the Head of High School, or the Deputy Principal. The exam script is retrieved immediately, and the time noted on the paper after the last written work. The student is given a blank script to continue with the exam. After a thorough investigation, a decision is made regarding the marking of the script.
20. Learners waiting for their parents at the gate are to be quiet and retain social distancing protocols to ensure other learners still writing are given a fair chance of doing their best too. No noise will be tolerated, and learners will be taken to a study class if needed.

CULTURE

Dear Creative,

As you embark on the final challenge for 2020 and prepare for the November examinations, I would like to thank and salute you for all your creativity, passion, and perseverance.

The 2020 teaching and cultural extra-mural year has come to an end and we now have time to reflect on the good, the bad and the ugly of the year as we start to plan for and get excited about 2021.

It might feel like a lifetime ago, but we started the year with a bang: with wonderful speeches from the Public Speaking teams, to Broadway musicals, to mesmerizing writing from the Creative Writing Club, and the great interest and energy surrounding the High School Choir captured in a fantastic choir camp (which took place the weekend before South Africa went into lockdown).

As we all had to confront 'the new normal', the Culture Council and I were enthusiastic about the creative ideas and wonderful talent shared by our high school learners. From dancing, singing, social media design, instrumental pieces and monologues, the Curro Aurora High School learners showed up and continued to inspire others.

At the beginning of the year, I am sure that none of us could have predicted how this year would turn out. However, what we have learnt is that you have come to see and approach each challenge as an opportunity, and you found out that you are stronger than you thought, more agile than you imagined and more creative than you could wish.

May you keep these lessons with you.

Know that you should be proud of yourself. I am. It has been an honour to see you soar.

Sincerely,

Mrs Saskia Snyders.

SPORT

Mr Adrian Ferreira

A collective “thank you” is extended to the learner participants, staff, admin staff, coaches, APT, ground staff, drivers, parents, supporters and the tuck shop for their participation, assistance and support when sport was played or participation was virtual!

The sports department wishes all the learners good luck for their examinations. Learners are encouraged to continue with Mr Craig Hourquebie’s Fitness Friday workout or any exercise regimen that they follow. We look forward to the resumption of extra-mural sports next year, depending on which codes are allowed to compete and/or practice!

MOUNTAIN BIKING:

Joshua Dike and Joshua van Niekerk competed in the MyRyde cycling event at Curro Academy Wilgeheuwel on Saturday, 24 October.

Joshua Dike (right) completed 12 laps to win the race.

Joshua van Niekerk (left) completed 8 laps to finish 3rd.

The course included multi terrains, and positions were determined by the number of laps completed in 55 minutes. Both cyclists are congratulated on their achievements!

SECONDHAND UNIFORM SHOP

Curro Aurora parents, please be advised that the Secondhand Uniform Shop has relocated to where the GRIT Lounge used to be at main reception.

The shop will continue to operate on an appointment basis during the following hours.

Monday	07h00 - 11h00
Wednesday	11h00 - 15h00
Friday	11h00 - 15h00

Please contact the shop coordinator, Andy Watkins (0837833653), to make an appointment or call Andy should you have any queries regarding the process.

Tuesday	24 Nov	9:00 – 11:00	Life Sciences P2		
Wednesday	25 Nov	9:00 – 11:30	Afrikaans FAL P2 (Writing)	9:00 – 11:30	isiZulu FAL P2 (Writing)
Thursday	26 Nov	9:00 – 12:00	Design		
Friday	27 Nov				

Matrics need to be seated inside the venue 20 minutes before the start of each exam session please.

Please take extra care with your health and act responsibly – your safety is now more important than ever before as the supplementary exams are only in May/June 2021.

WEARING A MASK TO SCHOOL

Mrs SJ Olivier

You have been provided with two masks by the school. You are welcome to wear your own mask. Remember that your cloth mask must have a minimum of two layers. You may not re-use a single use mask.

Always wear your mask correctly! The mask must cover your nose and your mouth and fit snugly over the bridge of your nose and against the sides of your face. Before you put your mask on, wash or sanitise your hands properly.

Remember that you will have to be wearing your mask when you arrive at the school gate to have your temperature checked.

Avoid touching your mask while you are wearing it. Make sure your mask fits correctly so that you do not need to adjust it. If you do touch your mask, be sure to sanitise your hands immediately. When removing your mask, do not touch the front of the mask.

Remove it by using the ties around your head or behind your ears. Wash your mask after every use.

Masks protect not only yourselves, but others too – show you care!

ALTERNATE SCHOOL CONTACT NUMBERS

Parents/ Guardians, kindly note that if you are experiencing a problem reaching our school switchboard line, please use the updated alternate numbers below:

DEBIT ORDER DRIVE

From 2021 annual and debit order payments will be the preferred payment methods. All parents will soon receive a debit order form. Please complete and send back to the school. Parents can contact Angela Schoeman if you wish to discuss the payment of 2021 school fees.

The infographic features a dark blue background with a network of white dots and lines. At the top left is a green circle containing a hand icon with a signal wave. To its right, the text 'Select the DEBIT-ORDER option' is displayed in white and orange. Below this, the phrase 'There are so many benefits' is written in white. Five overlapping circles of different colors (orange, purple, teal, pink, and white) each contain an icon and a benefit: 'Hassle-free' with a thumbs-up icon, 'Convenient' with a checkmark icon, 'Better budget-planning' with a calculator icon, 'Reduces bank fees' with a hand holding a coin icon, and 'Better school account management' with a stack of coins icon. At the bottom, a green banner contains the text 'SWITCH TODAY. ASK US HOW!' and 'Contact Angela Schoeman at angela.s1@curro.co.za'.

Select the **DEBIT-ORDER** option

There are so many benefits

- Hassle-free
- Convenient
- Better budget-planning
- Reduces bank fees
- Better school account management

SWITCH TODAY. ASK US HOW!
Contact Angela Schoeman at angela.s1@curro.co.za.
