### AN OVERVIEW

Language forms the basis of every other subject, and the ability to read, write and communicate in an additional language places the individual at a distinct advantage. We live in a diverse world so the more you can communicate well with others, the better it is for you and your future employers. Being able to communicate effectively is essential. Companies also welcome employees who can speak more than one language as this broadens their market.

isiZulu is one of the Nguni languages spoken by a large number of South Africans. Being able to read, write and understand isiZulu puts you in a great position to communicate with many South Africans as you will also be understood by other Nguni language speakers including, among others, speakers of the isiXhosa, isiNdebele and siSwati languages.

To succeed in this subject, you must be passionate about learning isiZulu and it is essential that you are willing to spend time and effort practising your isiZulu language skills.

### THERE ARE FOUR PILLARS OF LANGUAGE LEARNING

1. Listening and speaking
2. Reading and viewing
3. Writing and presenting
4. Language structures and conventions
